

## **Grants Awarded 2020**

### **OAS Grant Funding £853.00**

**Title: Friends of St Ninian's, Deerness - Geophysical Survey of site at Newark, Deerness**

#### **Brief Summary:**

A community-based project to carry out a much needed, and never previously undertaken, geophysical survey of the 2.5 ha site of Newark, Deerness to determine the extent of the cemetery and multi-period structures, information which will inform our understanding of the site greatly. The survey has become increasingly urgent in view of the storm damage at Newark in January and February 2020.

### **OAS Grant Funding £1,500.00**

**Title: Ness of Brodgar Trust – Specialist Media/Website**

#### **Brief Summary:**

Support to maintain and enhance the Ness of Brodgar online presence and thus during this extraordinary year (of COVID related restrictions) maintain the momentum and interest generated in the Ness of Brodgar site.

### **OAS Grant Funding £1.150.00**

**Title: Hoy Wartime Trail Leaflet**

#### **Brief Summary:**

A self-guided wartime trail leaflet to lead on from and compliment the successful Lyness Trail Leaflet previously produced by the Scapa Flow Partnership Scheme. The leaflet will feature 30 of Hoy's most prominent extant wartime archaeological sites from Rackwick to South Walls that are visible from the main road. The leaflet will offer visitors an explanation of what the sites are, a little of their history and how these remains connect to the broader wartime narratives – local, regional and national. The text will be supported by historical and current photographs producing a captivating then and now effect for visitors to enjoy.
